

Weekly Newsletter 7/7/22

This week in Reception we have been thinking about God's world.

We have been thinking about how we can care for God's world.

We talked about clearing up after ourselves and not dropping litter on the floor. We also talked about plants and how important they are, how we could walk or take the bus and that we could turn the lights off when we leave a room.

We also had our first Sports Day this week!!! The children all tried really hard and had a fantastic time.
